WARLIKE CHANGES MADE.

In the Navy Department Plan of
Campaign.

PROVISIONING PREPARATIONS.

ferred—Senator Mason to Call Up
Resolution of Intervention.

By Wire to THE TELEGRAM.

Washington, March 18.—War like
changes have been made in the plan
of campaign of the Navy Department.
Three squadrons instead of one are to
be organized on the Atlantic coast to
furnish protection from Maine to
Florida. One squadron to remain at
Key West, another at Hampton Roads
and the third will be made up of mon-
itors to be stationed at Port Royal,
South Carolina.

WILL CALL UP RESOLUTION.

said today that unless the president
takes action this week he will call up
his resolution concerning inter-
vention in Cuba.

PROVISIONING WARSHIPS.

A STRONG APPEAL.

The Sermon of Mr. Fry at Centenary
Last Night.

A large congregation heard Rev. J.
A. B. Fry at Centenary church last
night. The church was full, and chairs
were used in the aisle. The preacher's
theme was "Sin, as a Disease, and
Christ the Remedy Thereof." It was
a most earnest appeal; the preacher's
soul was in his words. It was old-
time Methodist preaching, showing the
nakedness and hideous deformity of
the disease which is carrying millions
into the depths of degradation and
woe.

The closing part of the sermon in
presenting the Great Physician was
eloquent and touching. Mr. Fry is
faithfully performing his duty, and the
good seed sown will spring up and
bear fruit in season. Preaching to-
night at eight o'clock and tomorrow
at half past ten. All cordially invited.

It is Growing.

We are always glad to hear of any-
thing that indicates the growth of
public sentiment in favor of permanent
road improvement. This sentiment is
growing among the most intelligent
and progressive men as well as the
largest property owners in the county.
They are thinking men and have
traveled and have seen the good of
such work in other sections. Their
opinions and interests are worthy of
consideration and should not be ig-
nored.

Our Interests in China.

London, Mar. 15.—Sir William Rob-
inson, who has just arrived in London
from Hong Kong, of which colony he
has been Governor since 1891, in an
interview today warmly advocated
an understanding with the United
States on the Chinese question, say-
ing the aims of the United States in
regard to China were identical with
those of Great Britain. He added:
"There is feeling at Hong Kong and
Shanghai that the Chinese provinces
cannot hold together much longer.
They are already partly independent,
not only of each other, but also of the
Imperial Government."

The Georgia Democrats.

Atlanta, Mar. 17.—The Democratic
Executive Committee met in Atlanta
today and after an all day session is-
sued calls for two State conventions
and two primaries.
United States Senator A. S. Clay
resigned as chairman of the committee
on account of conflict of Senatorial
duties with his labors as chairman and
Hon. F. G. du-Bignon, of Savannah,
was elected to succeed him.

ARBOR DAY AT CAMERON.

Dr. McIver Takes a Strong Address to
the People There.

Yesterday, Arbor Day, was duly ob-
served and celebrated at Cameron
with appropriate ceremonies. Presi-
dent McIver's ability and power as a
speaker is recognized by his old friends
and neighbors in Moore county and
he was invited to make the address on
this occasion.

From a special to the News and Ob-
server we take the following:
The address, at 2 o'clock by Dr. C. D.
McIver, the great president of the Nor-
mal college in Greensboro, was an
able and powerful one, and made a
profound impression. Every utterance
was a Solomonic chunk of the richest
wisdom and showed him to be the pro-
foundest thinker and the broadest

who was recently sent to the Wake
county work house for disorderly con-

son. He was not permitted to see him,

with a silk handkerchief in his pocket,
walking around doing nothing, while
the other convicts are in stripes and
hard at work.

SERIOUS STRIKE IMMINENT

Will Greatly Retard the Produc-
tion of Big Guns.

OBJECT TO A RIGID DISCIPLINE

Instructions Have Been Sent to the
Torpedo Flotilla to Remain
at Canary Islands.

By Wire to THE TELEGRAM.

Troy, N. Y., March 18.—A serious
strike is imminent at Waterville, the
largest ordnance factory in the United
States. The men are greatly dissatis-
fied and the strike will greatly retard
the production of big guns. The men
object to the too rigid discipline of
Col. Mordecai and the summary man-
ner in which a number of employees
have been dismissed.

TO REMAIN AT CANARY ISLANDS.

By Cable THE TELEGRAM.

Madrid, March 18.—The Imparcial
today says that instructions have
been sent to the torpedo flotilla to re-
main at Canary Islands due to the
government's desire that the squadron
should be escorted to Cuba by a cru-
iser and for no other reason.

ing from Havana. The Detroit sailed

By Wire to THE TELEGRAM.

Little Rock, Ark., Mar. 18.—A negro
boy accused of stealing twenty dol-
lars from a cash drawer in Batesville
was lynched here today.

No Such Request Made.

The following telegram was sent out
Wednesday by the agents of the As-
sociated Press:

"Raleigh, March 16.—Governor Rus-
sell today received a message from
President McKinley, asking how many
troops the state could furnish in case
of hostilities. The reply of the gov-
ernor gave 245,000 as the number."

Maj. E. M. Hayes gave official de-
nial of the story yesterday. He stated
most positively that no such message
had been received from the president
or the government authorities at Wash-
ton.—Raleigh Post.

Holton Stands a Chance.

Winston, N. C., March 17.—A gentle-
man who is "on the inside" tells me
District Attorney Holton stands a
good chance to get the Federal judge-
ship for this district if Judge Ewart
is not confirmed. Mr. Holton is not
an aspirant for the place. "It will be
either Holton or Col. James Boyd,"
said the gentleman who is in a posi-
tion to know.

Spaniard at the White House.

Washington, March 16.—At the pub-
lic reception held by the president this
afternoon a Spaniard attracted con-
siderable attention in the line. As he
passed the president and shook hands
with him he said in Spanish: "Long
live the president."

It is not known whether the president
understood or not what was said but
he hazarded a quiet "Thank you."

Wants a Ruling.

Father Worth is greatly worried
about free passes. He has written
two letters to the railroad commission
asking if he cannot have them. He
wants a ruling on the matter.—Col.
Olds' Correspondence.

CHINA HAS NOT ASSENTED

To the Rigid Demands Made by the
French.

Cable to THE TELEGRAM.

St. Petersburg, March 18.—France
has made important demands upon
China, giving that country eight days
in which to answer.

France demands that China shall
not alienate any territory south of the
Yang Kiang Valley, being a check to
England's needed extension of the
Kowloon and Yunnan Railway con-
cession to the prolongation of the ex-
tensive mining rights at Chauk Yun-
nan coal station near Hainan. That
the direction of the Imperial
Postal service be transferred from Sir
Robert Hart, director of the Imperial
Maritime customs to the French. Thus
far China has not assented.

WOULDN'T PAY INDEMNITY.

Excitement Over Report to That Ef-
fect in Washington.

Washington, March 17.—There was
considerable interest and some excite-
ment in the city today due to publi-
cation of a cable from Madrid, telling
of the issue of a semi-official note early
in the day, declaring that if the Wash-
ington government should demand an
indemnity of Spain for the loss of the
Maine Spain would refuse to pay it.
Those officials who have declared per-
sistently that there would be no war
have based their declaration on the
belief that in case the board of inquiry
reported that the Maine was blown up
from the outside this country would
promptly demand an indemnity and
that Spain would pay it rather than
fight. They still think so.

THE COURT OF INQUIRY.

A Meeting Yesterday and a Message
From It to Washington.

Key West, Fla., Mar. 17.—The
"Maine" Board of Inquiry held a
meeting on the battleship "Iowa" to-
day.

There is talk to the effect that a
brief preliminary report was sent to
Washington last night by one of the
"Maine's" officers. It grew out of the
fact that some hours before the other
officers of the "Maine" mentioned yester-
day, had received orders to go
north. Lieut. Blow was unexpectedly
ordered to go with them.

It is said here tonight that Blow car-
ried at least a message of some kind
from the Board to the Navy Depart-
ment.

TROOPS PASSING THROUGH.

A Long Train Last Night Filled With
Light Artillerymen.

The vestibule train on the Seaboard
Air Line, arriving here at 2:16 o'clock
last night, ran in two sections. The
first section contained fourteen cars.
Eleven of them were filled with United
States soldiers and three contained
baggage—4,000 pounds each.

The soldiers were companies of ar-
tillerymen, consisting of about 60 men
each, to be transferred from Fort
Monroe to the following points:
Fort Caswell on the Cape Fear River,
near Wilmington, N. C.; to Tybee,
near Savannah, Ga.; to Fort Morgan,
near Mobile, Ala.

The men for Fort Caswell were taken
by another train at Hamlet; at Green-
wood, S. C., the four cars for Savan-
nah, Ga., were dropped.

Quite a number of people went to the
depot last night to see the war-train
pass through.—News and Observer.

ALLOWANCE INCREASED.

The House Doubles the Allowance for
the Rural Free Delivery.

Washington, March 17.—No political
questions were discussed in the house
today. The whole session was de-
voted strictly to the postoffice ap-
propriation bill, which was taken up
for amendment under the five minute rule.
The question which consumed the
major portion of the time related to
the allowance for clerk hire at post-
offices and to rural free delivery. The
house increased the allowance for rural
free delivery from \$150,000 to \$300,000
and defeated the proposition for in-
creased clerk hire. The amendment to
increase the appropriation for rural
delivery was offered by Mr. Stokes,
democrat. The house at 5:10 p. m.
adjourned.

It Was Yellow Talk.

Richmond, March 17.—It is stated
from Charlottesville that the Univer-
sity of Virginia board has never as re-
ported recently, considered seriously
the name of Grover Cleveland in con-
nection with the presidency of the in-
stitution.

WITH GREATEST ANXIETY

Everybody Awaiting the Report of
the Court of Inquiry.

WHAT THE PRESIDENT WILL DO

It is Thought Cuban Independence
Will be Recognized Whatever
the Verdict Rendered.

By Wire to THE TELEGRAM.

Washington, Mar. 18.—Today is one
of great excitement and interest. Ev-
erybody is awaiting with great anxi-
ety the report of the court of inquiry on
the Maine disaster. Proctor's
speech is taken as the administration's
description of affairs in Cuba and
also removes any doubt as to whether
the explosion was outside or inside the
battleship.

WILL RECOGNIZE CUBA

By Wire to THE TELEGRAM.

Washington, March 18.—It is now
sure that the President will recognize
Cuban Independence whatever the ver-
dict of the court of inquiry may be.

Given His Consent.

By Cable to THE TELEGRAM.

Rome, Mar. 18.—It is officially an-
nounced that Admiral Bren, minister
Marine Italy, has consented to the
sale of the armored cruiser Varese to
Spain.

The Hon. Thomas Watson seems inclined to adopt the Sam Jones method of campaigning for governor of Georgia.

If the Amazonas and the O'Higgins are equipped with rapid fire gunthere is a wide difference in their names and armaments.

When the populist congressmen were bid to the wedding feast in Raleigh the number of yokes of oxen that required breaking was a caution.

General Blanco should at least be conscious that he is threatened with a most excellent opportunity to swathe his brow with the laurels of a warrior.

John Wanamaker after a great deal of urging has with reluctant coyness placed himself in the grasp of his friends for the governorship of Pennsylvania.

Senor Du Bose was rewarded for his management of affairs ad interim by a decoration. Spain is beginning to appreciate diplomats who do not talk in the wrong place.

The confirmation of T. V. Powderly, despite the bitter opposition of populist senators, considerably enlarges the eye of the needle through which Mr. Ewart has been trying to crawl for some days.

With a torpedo boat after a battleship and a torpedo boat destroyer after the torpedo boat, the fun of the chase might be materially increased by putting something after the torpedo boat destroyer.

If the good American citizen of bellicose tendencies finds out that Mr. McKinley has only been treating him to a little harmless bluffing what he will do to those second term aspirants will compensate Tom Reed for St. Louis.

Self-interest is quite as strong a sentiment in Europe as America. Those timorous souls of generous imaginative powers who have seen a European combination looming darkly over against us may calm their pulses. America is by far too good a customer to quarrel with.

From present indications it appears that Governor Russell will be under the sad necessity of making the railroad commission over again. It is really too bad that so soon as His Excellency gets it all arranged to his notion it should go off on a tangent. The trouble is that His Excellency has a mind that is rather liable to change.

One peculiar feature of our history is the almost unvarying friendliness, even cordiality, that has marked our relations with Russia. While the Czar's government is the most autocratic of the greater powers and ours is the most liberal there have been few diplomatic hitches. Russia has seemed to appreciate and to cultivate our good will more than any European power. She alone has refrained from hostile criticism of the course of this country in the Cuban matter.

General News in a Nutshell.

Calcutta saw the largest parade of British troops it has ever looked upon at the recent unveiling of the equestrian statue of Lord Roberts of Kandahar.

Prof. Tracy Peck, head of the Latin department at Yale, has been appointed director of the American School for Classical Study at Rome for next year. He will leave for Rome next summer.

Henri Lavedin, who is at present the man of the hour in Paris, on account of the success of two of his plays, is not yet 40 years of age, but has achieved a remarkable success in French literature.

Ex-President Benjamin Harrison recently refused an offer of \$5,000 for ten addresses or lectures to be delivered on ten successive days at ten Chautauquan assemblies, including the Monona Lake Assembly in the northwest next summer.

Queen Margherita's extravagance in dress is the one grievance of her royal subjects. Italian ladies have a reputation for spending more on their dress than any other women in Europe and their husbands and fathers attribute this state of things to the Queen's fatal example.

Though England is without a monument to Oliver Cromwell, a stained glass window dedicated to the memory of "the late John Hampden, who was slain on Chalgrove Field in 1643" has been put up in the parish church at Great Hampden, Buckinghamshire. Curious enough, it is intended to commemorate the sixty years' reign of Queen Victoria.

Buddha's jewel case has perhaps been discovered in the Busti district of the Northwest province in Hindoostan not far from the Nepal frontier. In excavating a shrine a coffin-shaped stone box was found containing jeweled ornaments, cut gems, marble and crystal vases runs an inscription which reads as though the contents of the box had belonged to Buddha himself.

Clocks indicating the time and price will be placed in each and every cab.

Something to Know.

It may be worth something to know that the very best medicine for restoring the tired out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centres in the stomach, gently stimulates the liver and kidneys, and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c or \$1.00 per bottle at C. E. Holton's drug store.

FEDERAL COURT FIRST.

Clerk of Rowan Court Obeys Federal Rather than State Court.

A special from Salisbury to the Charlotte Observer says: Judge McIver made an order restraining the clerk of Rowan Superior court, Mr. W. G. Watson, from certifying transcripts of record in the James and Howard cases against the Southern, to the Federal court, as he has been ordered to do by Judge Simonton, or to any other court or persons, except to the Supreme court of North Carolina, upon appeal by defendant. The clerk, however, has already, in obedience to Judge Simonton's order, certified the transcripts of the Federal court.

The railroad lawyers are always up before breakfast in getting their cases into the Federal court.

The Grandest Remedy.

Mr. R. B. Greeve, merchant, of Chilhowie, Va., certifies that he had consumption, was given up to die, sought all medical treatment that money and procure, tried all cough remedies he could hear of, but got no relief; spent many nights sitting up in a chair; was induced to try Dr. King's New Discovery, and was cured by use of two bottles. Harris Lithia Water of South Carolina.

Contains more Lithia than any other Lithia Spring Water on the market. If the Harris Lithia Water is not superior to any other water on the market, do you think the following noted physicians would state that it is? They have no interest in Harris Lithia Water:

Mr. J. T. Harris, Proprietor Harris Lithia Springs;
Dear Sir—While it is contrary to my custom to give testimonials to remedial agents, I feel free to attest to the efficacy of the Harris Lithia Water (when used in large quantities) in the rheumatic and gouty diathesis; in engaged states of the kidneys; in inflammation of the bladder, and in all cases where there is an excess of solids in the urine. Yours respectfully,
GEO. HOWE, M. D.

Mr. J. T. Harris:
Dear Sir: I have found the use of the water from your Lithia Spring in South Carolina so efficacious in the case of a young lady patient of mine, who has suffered for years with diabetes, with all its different attendants, that I want to add my testimonial to the many you already have. The patient I refer to has used the water freely at home for scarcely a month now, with more beneficial results than from months spent at the different noted Lithia springs in different parts of the United States, besides long-continued use of the same waters at home. Other

of my patients and friends are now using the water with best results. I cordially recommend it to all suffering from similar diseases.
Very respectfully yours,
THOMAS S. POWELL, M. D.,
President Southern Medical College, Atlanta, Ga.

Asheville, N. C., April 20, 1893
An extended clinical use of the Harris Lithia Water prompts me to the statement that I regard it as one of the best, if not the best, Lithia Waters known to the profession. In the condition of Phosphatic Urine its action is marvelous. Its use in the rheumatic and gouty diseases affords me more comfort than either the Buffalo or Londonbury waters.
Very truly yours,
JOHN HEY WILLIAMS, M. D.

After a long and varied experience in the use of mineral waters from many sources, both foreign and domestic, I am fully persuaded that the Harris Lithia Water possesses efficacy in the treatment of affections of the

kidney and bladder unequalled by any other water of which I have made trial. This opinion is based upon observation of its effects upon my patients for the past three years, during which time I have prescribed it freely and almost uniformly with benefit in the medical maladies above mentioned.
A. N. TALLEY, M. D.
Columbia, S. C., October 8, 1892.

The waters of the Lithia Springs are odorless, free from color, with a pleasant saline taste, rather palatable. When taken in considerable quantity, they do not nauseate, purge or produce any feeling of discomfort. I find from the analysis of the waters, they contain Chloride Sodium, Carb. Potash, Carb. Soda, Carb. Lithia, Carb. Iron and Sulphate Magnesia. These waters act directly on the mucous coating of the stomach and alimentary canal; they are powerfully alterative and tonic. They are everything to inflamed or irritated surfaces. They act upon the blood, changing it from acid to alkaline. In indigestion, catarrh of the stomach and gastralgia, supplemented with a proper diet, they

are a certain cure. The action upon the kidneys is marked. The sodium, potash, soda, lithia, are the best solvents of uric acid; all calculi of an acid character, whether literary or cystic, are steadily dissolved. I am confident that the profession will find it very useful in cases where this class of water is required.
J. Q. WILBUR, M. D.
Walterboro, S. C., April 10, 1892.

Baltimore, June 24, 1896
J. T. Harris, Esq., Harris Springs, S. C.:
Dear Sir:—I have been using Harris Lithia Water for some time, and I will say to you that it is my opinion that the Harris Lithia Water is by far the best Lithia Water that I have ever used, and that it has done me a great deal of good, and I think that it is a most valuable remedy.
R. C. HOFFMAN,
President S. A. L. R.

Atlanta, Ga., Feb. 24, 1897.
Mr. J. T. Harris, Harris Springs, S. C.:
Dear Sir:—I have found Harris Lithia Water an exceedingly valuable remedy for persons suffering from

kidney and bladder troubles. Therefore take pleasure in recommending it.
Respectfully,
JAS. FALEXANEER,
President Board of Health

Mr. J. T. Harris:
Dear Sir—It gives me pleasure to say that I have been using your Lithia Water for several months past, and that I believe it to be one of the best Lithia Waters that I have come in contact with.
Yours truly,
EST. JOHN,
Vice President

Charleston, S. C., Sept. 20, 1893
Mr. J. T. Harris:
My Dear Sir—I am constrained to send you this testimonial of the efficacy of the Harris Lithia Water. The value of the testimonial may be enhanced from the fact that it goes to you unsolicited. As a friend of humanity, I feel bound to withhold my knowledge of its virtues no longer. I have been using the water for more than a year with marked benefit. To any one troubled with kidney disorder

it is the remedy par excellence. I prefer it to the Buffalo Lithia Water.
Very truly yours,
A. C. KAUFMAN,
President Vanderbilt Benevolent Association of Charleston, S. C.

Chester, S. C.
Dear Sir—For the past six months I have been using Harris Lithia Water with the most excellent results, where I have been able to get my patients to drink a sufficient quantity of it daily. The carbonated has no equal in gastric disturbances. It is an excellent table water. It is a pleasant laxative and is a sure cure for flatulent dyspepsia.
S. M. DAVEGA, M. D.

Atlanta, Ga., April 20, 1897
I have used for some time Harris Lithia Water in my family, and also with my patients, and find it the best water I ever used in catarrhal condition of the ureters and bladder. It is also a good diuretic water.
G. G. ROY, M. D.

A Fair Proposition

We guarantee that one glass of Harris Lithia carbonated water will relieve any case of indigestion in one minute's time or money refunded, or if taken after each meal will cure the worse case of indigestion.

Tonsillitis

Tonsillitis Can Be Cured.
**Mrs. Joe Person's Rem-
edy will do it.**

Eagle, Iredell Co., N. C.,
December 10, 1897.
For a long time my son was trou-
bled with some bronchial trouble
which, every time he took cold, settled
in his throat and produced something
like tonsillitis. The tonsils would en-
large and swell so that he had great
trouble to swallow anything and could
take no solid food. Last spring he
took one-half dozen bottles of Mrs.
Joe Person's Remedy, and gargled
with the Wash, and it cured him. He
has not had a spell since.

greater force, the lungs to take in more oxygen and to expel more car-
bonic acid; it induces the kidneys to send off more of the poisonous ex-
cretions from the blood; the bowels to have more regularity and health-
fulness in their action; the sweat glands to throw out more impurities.

A Debt of Gratitude.

The Morning Post copies the report of Judge Schenck to the Battle Ground committee and comments editorially as follows:

And to Judge Schenck more than any, or we may say all others, does the state owe a lasting gratitude for his work in connection with this battle ground. We trust the state and the United States as well, will give still further aid in preserving this sacred spot, and making it as it ought to be, a place around which will gather the affections of a patriotic and liberty-loving people.

COLLECTING METHODIST HISTORY

Some Rare Books and Facts Found by Dr. Grissom.

For several years Rev. Dr. W. L. Grissom has been much interested in collecting and making researches into the history of Methodism. A dozen or more years ago, while pastor at Mocksville, he published a pamphlet entitled "History of Methodism in Davie County." Since that time he has been gradually collecting and filing away all papers, documents and books relative to the Methodist church and preachers.

Now Dr. Grissom is devoting almost his entire time to the work.

This writer yesterday took a peep into his library and found it full of choice and rare selections. It would take hours to go through and examine the collection and columns to tell of all the valuable matter he has collected.

Among many other rare books he has "The Sunday Service" written by Mr. Wesley and published 1784; also Coke's life of Wesley, published in 1793. These and many others, dating all the way from the earliest pioneer days of Methodism down to the present, compose the large collection.

We hope that Dr. Grissom will continue in this work and write a history covering the last century and even going beyond the beginning of the century. He is, perhaps, better equipped than any man in the state to do this work, and there is no question as to the demand, aye, the necessity for it. Without it many things valuable to the church will be lost.

Tried to Hang Himself.

A special from Salisbury to the Charlotte Observer last night contains the following:

Henry Osborne, a colored citizen of the county, attempted to commit suicide by hanging himself with a rope to a rafter in his barn. He was cut down by his wife in the nick of time. Osborne was drunk.
